MARBLEHEAD AND YANKEE YACHT TO RACE THERE WITH GERMANS

After several preliminary elimination races the sloop-race yacht, Wolf, owned by Caleb Loring of Boston; the Jovette, belonging to W. H. Childs of the Bensonhurst Yacht club, and the Ellen, the property of Charles E. Curtis of Boston, have been selected to represent the United States in the international races for the President Taft and Governor Draper cups. The races will be sailed off Marblehead, Mass., on Aug. 30 and following days. The competitors of the American boats are the German yachts Hevalia, Margarethe and Steinhilber, chosen in trial races at Kiel in June. The word "sloop" is German and means sloop, or, in fact, a small boat. The sloop-race boats are named because they do not fall within any other classification. The term is restricted to little boats three times the length, depth and beam—added together do not exceed thirty-two feet. The first international

sloop-race was held in 1906, when the Americans successfully defended the cup offered by President Taft. In the following year our boats were outclassed at Kiel, so that the coming races are the rubber contest. The splendid silver cup offered as a prize by President Taft for the winning yacht will be presented by the president on board the Mayflower on Sept. 3. The president will be among the thousands who will witness the races.

Crane No. 2 settled all disputes as to who would now be the winner of the Industrial League, since the undisputed leaders have seen cause to quit the organization, by trimming their nearest competitors, Crane No. 1, at Newfield, 11-6. The main street boys started off like real ball players in the first few innings, but their hopes were short lived, as Crane No. 2 sluggers got busy, and piled up the runs with ease. "Rocky" Farrell let the No. 2 team down with five hits. The score: Crane No. 2, 10-3; Crane No. 1,
